

Have you ever imagined owning a private Northwoods cabin getaway?

With the Woody, you can! At a fraction of the cost of a full blown log cabin, you can achieve your rustic retreat dream!

Remove the time, cost and labor from your building project and the only thing that's left is your perfect rustic retreat. We have spent years developing this unique system of easy-to-assemble log buildings with your dreams in mind.

Order your kit today for immediate delivery and if need be, we'll even put it up for you! Have a space to relax on hunting or fishing trips. Make a breezeway, lodge or office. Offer a place for friends to spend the night. The possibilities are truly endless....

When you have the Woody, the only limit to what you can create is the size of your dreams.

The Logs

We only use logs that have been harvested and kiln-dried from the finest trees available.

The Track System

Using our EZ square galvanized floor track system, designed to raise walls quickly and without a lot of hassle, assembly takes no time at all.

The Woody

The Woody comes guaranteed for a full year against defects. Plus, most code requirements are built into our hardware, so relax and focus on what you want to create.
